To our Amazing Elder Customers,

Thank you for being part of our Elder Family. We are entering into our 106th year in business and are grateful for partners like you.

These have been unprecedented times, and we would like to thank everyone for your continued support and loyalty. Together we are navigating the unknown - compromised supply chains; the if, when, or how schools will reopen; and the impact the pandemic may have on our industry, businesses, and personal lives. You have our commitment that we are and will continue to be here for you.

At Elder, our primary goal has always been to exceed your expectations by providing premium quality products, on-time delivery, and in-season order fulfillment. We will continue to work hard for you, and we appreciate your confidence in us. Your success is our success. Our commitment to you remains ~.

### We Plan For Your Success

We are a family, and families take care of each other. So please reach out and contact any one of us and let us know how we can be of service.

2020 has been a wild ride, and there could be more uncharted waters ahead. So buckle up, hold on, and have faith in each other. We will get through this just as we always have ~ Together.

Here's to the future and a miraculous 2021 season!

Sincerely,  
Perry and The Team at Elder

## SHIPPING PROGRAM

Since 2011 we have been helping our customers deal with the shipping costs associated with their early ship seasonal orders. By enrolling in this program you get the following benefits:

- \* Lower freight costs due to Elder's ability to negotiate large discounts.
- \* Deferred billing on shipping costs. We pay the truck line and add the charges to your invoice (which is not payable until August).
- \* You do not pay the truck line at the time of delivery.
- \* We also get no less than three bids from the truck lines when your shipment is ready.
- \* There are certain times when a truck line may want to give an additional discount in order to ensure getting the freight as they may need to move trucks or trailers to your area and would rather move them

If you would like to know more information or would like to sign up for this program, please speak to your Account Representative or call Customer Service at **1-800-829-8880**.
